Finished in the most up-to-date manner, and with an elegant exterior, the new store is a credit not only to the proprietors, but to the town in which it stands.

The proprietors will celebrate the occasion by a great "S. & H" green stamp jubilee. Thousands of little trading stamps will be given away in the week, starting today. For particulars concerning the sale the reader is referred to the Marcus Arcade ad on the fourth page.

CHURCH SOCIAL GREAT SUCCESS

The social of the Congregational church last Wednesday, the first to be held in the new building, was a great success, and furnished a pleasant evening to a large number of the members and friends of the church. An interesting program was rendered including musical numbers by Mrs. Wilbur Doxsee, Miss Margaret Doxsee, Miss Florence Craig, Miss Gertrude Beeger; Messrs. Wilbur Doxsee, Irving Cooper, Ralph Dodge and Otis M. Carrington; and Master Junior Woodhams. A pleasant and entertaining part of the program were two character readings by John Mason, deputy superintendent of schools of this county. The announcements as well as some short, but vital remarks were made by Roy W. Cloud.

The program was followed by cake and coffee, served by the ladies of the church, and a pleasant get-together time in the social hall. The attendance was so much greater than anticipated that the program was given in the main auditorium of the church instead of in the social hall as expected. The guests of the evening were the grammar school and high school teachers.

NEWS OF WOODSIDE

Mr. and Mrs. William Welch, who have been for many years in charge of the P. C. Hale place here, and who had built up the largest poultry ranch in this community, have removed to San Francisco.

Mrs. Louise Benedict, who for a time resided at Woodside but is now living in Los Angeles, is visiting her sister and brothers at the Largarde homestead here.

Percy D. Jarvis was confined to his bed for several days with the grippe but is about again. He is building an addition to his house so extensive as to completely alter its appearance.

William MacDonald, and incidentally the rest of Woodside, was serenaded on Wednesday night with the music of bagpipes. It sounded good to those of us, at least, who trace our ancestry back to the Hielands of Scotland.

The business section of Woodside is growing. A new store building is being erected by Ole Johnson on his property at the top of the grade. It will be used for a general merchandise store.

A number of the boys from our grammar school, who are expecting to fill places on the Varsity team a few years from now, attended the Freshman game on the Stanford campus last Saturday. Some of them think that if they had been on the team this year, the score would have been larger than it was.

Mrs. J. L. Ross, Jr., Mrs. John D. Gish, Mrs. Fred Mighall, and Mrs. A. H. Audiffred motored into Redwood City to the entertainment given by the Woman's Club on Thursday afternoon.

Miss May Huddart, superintendent of the Sunday school, was absent from her post last Sunday for the first time in a year. Her place was taken by Mrs. William MacDonald.

Unlike most of us back-yard farmers who have waited the softening effects of the rain before getting at our work, Peter Barnasque has gone on preparing his winter garden as if the weather had nothing to do with the case.

To the Editor:-

In accordance with the plan of the American Legion, in co-operation with the National Education Association and the United States Bureau of Education, this Post wishes to go on record as more than willing to aid and foster Education with a capital E.

We wish to commend the foreward movements of the local High School Trustees and Faculty, especially in their work with the foreign element in our midst, through Night Schools.

We also wish to commend the ever necessary work of the Grammar and Primary Schools in the education of the children of the foreign element and native born. Teachers, if they will, can be the greatest force in this country for unity and strength of our Republic. We wish to make a suggestion for the future Education to be followed not alone by the teacher of today, but also by all English speaking people; and that is that we each of us, request that our language be used by all in any public conveyance or place where people gather, and let it be understood that it is not desirable for any other language to be used in public. With the advantages offered, there should be no excuse for anyone to cling to any foreign language.

Yours for more Education,

EDUCATION WEEK

American Education Week begins tomorrow. The churches of the land will tell of the benefits to be derived from learning. They will also tell of some of the curses of ignorance.

During the week special phases of the various educational problems will be discussed. We feel that Constitution Day should be the day stressed above all others.

The Constitution of the United States is the supreme law of our land. Every good citizen should obey all of the laws. For years and years the average citizen patted himself on the back and said: "We in the good old U. S. A. are the most law-abiding people in the world."

Then came a piece of legislation which he didn't like, and presto, we have become a nation of law-breakers. We are a people who want no infringment of our personal liberties. We trust that education week will cause us to think soberly and in a manner becoming a good American.

Education week will naturally cause us to think about our schools. If there are weak points that you know about, tell the school people about them. School authorities are anxious to please the public. They want your boys and girls to have the very best. An onlooker can often see faults that are unseen at close range, so take the teacher into your confidence.

Also, if you think your schools are good tell your friends that you think so.

HOW TO GET AHEAD

The United States Government has just published a little book dealing with "Thrift." It has some splendid ideas which should be passed on. It says among other things:

"Thrift means spending less than you earn. It doesn't mean that you should stop spending.

"Learn to know values; the value of your work; the value of the fruits of your labor. Investigate and study merchandise values. Know what you buy before you buy it. Read advertising. Get acquainted with brands and trade marks and their significance. Weigh expenditures. Put on your thinking cap and keep it on.

"The wise individual is he who so regulates his income and his outgo that "emergencies" are provided for automatically. He knows the meaning of 'peace of mind,' because he has money laid by. His chin is up, his step is brisk, he is master—not the slave of circumstances.

"To get ahead you must have a simple and definite plan. Hit or miss methods won't do; in the accumulation of money they are positively fatal."

And so the story goes. You remember Ben Franklin said: "Money can beget money, and its offspring can beget more and so on." Money isn't the only thing we need in life, but it is a mighty hand thing to have around. Thrift is now taught in the schools, and parents should set an example to their children in the matter of saving.

WHO WAS GUILTY?

Last week a young man visited us. He had just been pardoned from San Quentin prison. He was sent there by the superior judge of San Mateo county. He had pled guilty to the statutory crime of rape and Judge Buck had no other recourse than to send him to the penitentiary. Through the eflorts of Judge Buck and of the county officials of this county the indeterminate term was fixed at one year, and at the end of seven months, the governor pardoned him.

This youth is not yet twenty years of age. He was just a good looking boy when he went to prison. His offense was this: A girl whom he had met came to him in the night time and said that she could not go to her home in a neighboring town. He advised her to go home. She didn't want to go home so he kept her in his room that night. He knew that he had no right to do it. He had sisters. He went to prison. Nothing was done to the girl. Later a Stanford student was accused of a similar offense with the same girl. He demanded a jury trial, and was acquitted. He blamed the girl's mother for his action.

In the meantime the first boy was doing time in the state prison. Now he is out and says that he has learned a lesson. He was a model prisoner. While he was there the girl got married. Our idea of the thing is that he wasn't the one who should have been in jail. Perhaps our way of looking at things is not right. But we think that boys who are away from home, and the home influence, should have just as fair a chance as a girl and if mothers don't keep their daughters at home of nights, boys should not be sent to prison if the girls go astray.

WILHELM WIEDER

After five years of comparative ease and luxury, with only a death and a remarriage to bother him, "Wilhelm der Gross," has decided to stir things up a bit, and so the world is geting restless. Wilhelm has sent Willie home and if the dogs don't bark too loudly he thinks that December 4, may be a good day for him to make the return trip.

We are not blood thirsty but we really feel that old Kaiser Bill didn't get all he had coming to him during November, 1918. We also kind of feel that the boys from our country should have made a personally conducted visit into Berlin. A man and a nation that could stir up so much brimstone, fire and gas as they did should have had more time in which to consider their misdeeds. November 11, 1918 came about a month too soon.

Maybe Wilhelm should be allowed to enjoy the fat of the land and should be encouraged to stir up a revolt, or two, but our opinion is "Aber nicht."

A man who is worth several million dollars says that the only happiness he ever had was in helping somebody.

TWENTY-FIVE YEARS AGO

Appeared in Times-Gazette November 26, 1898

Many of the property owners in town who have sidewalks to care for should see that the nails are driven down, for if it is not attended to the street superintendent may perform the work for them.

H. E. Heiner and son are painting the Kinne residence on Phelps St.

The burning of a coil of wire in one of the Peninsula Lighting Company's plant prevented the electric current from being transmited Tuesday evening, and in consequence the town was wrapped in darkness.

Frank M. Granger has moved to the Flannelly residence on Phelps street recently purchased by him.

Philip Princevalle saw the great Baldwin hotel fire in San Francisco Wednesday morning. He was asleep in the Western hotel across the street from the Baldwin when the fire alarm was turned in. He saw Capitalist White meet instant death when falling from the fifth story of the building.

The preliminary declamation contest among the pupils of the high school took place in the assembly hall last Wednesday evening. The whole affair was a success and reflects great credit on the high school.

Miss Eva Rockwell delivered the first declamation entitled, "Pledge with Wine." Miss Rockwell, who won the Demorast medal in the contest some time ago, made an equally good showing in this, and that her efforts were appreciated, was shown by the warm applause.

Hjelmar Holmquist then held the close attention of the audience with his address, "Sparticus to Roman Envoys." Frederick Nobs was the next speaker. His subject was, "The Peo of the United States." His speech was well delivered, and judging from the applause met with the approval of the audience.

A piano solo by Miss Kity Crowe was loudly applauded. Miss Jessie Miner's subject was "The Dandy Fifth." Miss Miner delivered her selection perfectly and received tremendous applause.

Thomas Curran's selection was an extract from Lord Chatham's speech, "On the American Revolution." By his excellent delivery Mr. Curran showed himself to be possessed of those elements that constitute the orator. The selection of Miss Eva Butts, "Stavora" was well delivered and elicited the applause of the audience.

James Hedge then delivered a humorous selection, "Jamie Butler and the Owl," in which he showed himself a master of the Irish brogue. During his entire speech Mr. Hedge kept his audience in paroxysms of laughter, and at the conclusion received an ovation.

A piano duet by the Misses May Casey and Mamie Linehan was excellently rendered and warmly received.

The concluding speech of the evening was made by Hall Ross. He handled his subject, "Liberty and the Union," with great skill, and showed that in the near future we may see him an orator of no mean ability.

On next Sunday Golden Gate Council, Knights of Columbus of San Francisco, will be formally instituted. It is the baby council of the order. The grand knight-elect of the new council is Charles McNamara, a former Redwood City young man. His picture and a short sketch of his life appeared in last Saturday's Monitor. At the banquet in the evening the new grand knight will act as toastmaster.

How to Place Food in a Refrigerator

By properly placing the various kinds of food in your refrigerator, you can prevent the circulating air from mingling food odors unpleasantly.

Bottled liquids should be placed on the floor of the refrigerator; and butter, lard, cream and milk on the lowest shelf. Tender vegetables and fruits should be on the top shelf, while meats and similar foods are placed on the intermediate shelves.

Of course, the most important rule is to keep your refrigerator always well filled with ice, every month in the year. That is your best protection against spoiled food and sickness.

REPORT OF HORTICULTURAL COMMISSIONER FOR THE MONTH OF OCTOBER 1923

To the Honorable Board of Supervisors, San Mateo County:-

Fourteen cars of potatoes for seed have been received and inspected during the month at Colma. The first eight cars arriving were quarantined by this office as the potatoes were found to be infected with Dry Rot (Fusarium). The State Quarantine Department held, however, that owing to the prevalence of this disease, I would not be justified in holding these shipments. As they were interstate shipments, I could not do otherwise than release them. I did, though, notify the Colma Vegetable Growers Association, to whom they were consigned, of the danger of planting such seed I do not believe they will accept them.

Nursery shipments are now coming in, 58,026 ornamental plants, 122 shipments, having been received during October. In addition, 54 shipments of 5,878 plants and packages were inspected, making a total of 176 shipments and 63,904 plants and packages.

Two hundred and thirty-one sacks of horse beans and 100 ornamental plants were fumigated. The beans for weevil, the ornamentals for scale.

Respectfully submitted,
A. W. TATE, JR.,
Horticultural Commissioner, San Mateo County.

INVESTING FOR THE FAMILY

Abraham Lincoln humorously said of a poor neighbor's assets, "He has a wife and two children, which I should think were worth thirty thousand dollars to any man."

The family is the greatest wealth of every member of it—the first concern of the individual or of society. It is a golden investment and needs the same protection and care that any investment requires.

One of its best safeguards is good reading; one of the things that puts it in jeopardy is bad reading. The Youth's Companion has always been, in the matter of supplying good reading, what a United States bond is to the investor. Its principle is guaranteed, and its interest is paid with every issue. Try this investment for your family.

The 52 issues of 1924 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

2. All the remaining issues of 1923.

Behind the scenes with your Power Rate

Like water, hydro-electric energy is cheap at the source. The cost of producing power is the smallest item making up the consumer's rate.

But it costs money to bring power from the distant Sierras, and distribute it to thousands of customers, repairing lines, reading meters, keeping accounts, collecting bills, and maintaining steam standby plants to assure continuous and uniform service. Taxes, and interest on borrowed money, must be paid. No power service can be rendered without such costs and those costs make up the consumer's rate.

Each territory has its peculiar conditions affecting power rates. Costs, and therefore rates, depend in part on the quantity of water available for generating power, the length and character of dams, tunnels, flumes and ditches, the length of transmission lines and the difficulty of the terrain traversed, the number of consumers and their distance apart, the existence of industries to carry the daylight load, the relative number of agricultural, industrial, and domestic consumers, the amount of underground distribution system required in various cities and other local factors.

That is why a comparison of rates in different territories signifies no more than a comparison of the cost of water in the Sahara desert with the cost of water at the margin of Lake Superior.

"I consider my connection with the Bank of Italy a real business asset"

Said a prominent California business man recently.

No other institution in California has the ability, scope or facilities to provide a broad, comprehensive banking service such as is afforded to its patrons by the Bank of Italy.

Hundreds of business men, manufacturers, wholesalers, jobbers, traveling representatives and individuals in general will attest to this fact.

Therefore, a connection with this institution assumes the importance of a valuable business asset—and in many cases an indispensable one.

Speed up your "business machinery" with this *greater banking service.*

Cleaning Without Odor by the F. Thomas Process

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes

NEWS OF MENLO PARK

During the week Archbishop E. J. Hanna made a long list of appointments of priests to the various parishes of the diocese. Many of the assignments affected former clergymen of Menlo Park. Father Michael J. Walsh, pastor here over two years ago and who was compelled to retire owing to ill health, has been appointed pastor of St. John's church, Healdsburg. Before coming to Menlo Park Father Walsh was the pastor at Colma and was succeeded then by Father Heslin, who was brutually murdered by Hightower. Rev. Stanislaus Dempsey, who had temporary charge of the parish after the departure of Father Walsh, has been assigned to St. Augustine church ,Oakland. Father William Walsh, the assistant at the Church of the Nativity for some time past, has been made the assistant at St. Monica, San Francisco. Father Walsh recently received his degree of M. A. in Latin and Greek from Stanford University. He holds a similar degree from a well-known university in Ireland. He is a brilliant scholar, a diligent student, and a devoted priest. His departure from Menlo Park is a matter of deep regret for he was universally popular with all. He is succeeded by Rev. Donald A. McDonald, who recently arrived in California from Canada. Father McDonald was born in Boston and ordained in Toronto. Rev. Leo Powleson, a recent graduate of St. Patrick's Seminary, has been made assistant pastor at St. Thomas church, Palo Alto. The pastor, Father Gleason, has never had an assistant, but the parish has so grown that one was necessary to cope with the extra work.

Mr. and Mrs. Karl Rosenfield, proprietors of the Peony Gardens on Santa Cruz avenue, entertained a number of friends on last Sunday afternoon and evening in honor of the birth anniversary of Mrs. Rosenfield. A sumptuous dinner was served in the evening. Among those present were: Mr. and Mrs. George Loon, Mr. and Mrs. W. A. Doyle, Mr. and Mrs. Frank Borges, Mr. and Mrs. Harry Lewis and Percy Yericks.

Dr. Kurtz, who sold the Menlo Pharmacy last week, left during the week for Los Angeles to look for a new location. His family will remain here for some time in order to give the children an opportunity to complete their studies.

Miss Margaret Duff, the pretty and charming daughter of Mr. and Mrs. M. F. Duff formerly of Menlo Park, has been appointed librarian of the Lane hospital in San Francisco. Miss Duff graduated from Stanford in 1922 and shortly after was appointed an assistant librarian at the institution which position she resigned last week to accept the one in San Francisco. The Lane hospital is affiliated with Stanford. Miss Duff's sister, Miss Carmelita Duff, is the librarian for Plumas county.

E. J. Crane on Tuesday attended the funeral of Francis V. Curtis, general sales manager of the King Coal Company of San Francisco, who died on Sunday from pneumonia. The deceased was a son of ex-sheriff Peter J. Curtis of the city and a brother of Rev. Richard J. Curtis who was ordained a priest at St. Patrick's Seminary some years ago. The Curtis family was well known in Menlo Park.

Miss Mary O'Day, who recently resigned a lucrative position with the Southern Pacific Railroad Company in San Francisco, has secured a clerkship in the comptroller's depart of Stanford. She received the appointment through Comptroller Roth. Miss O'Dea is a clever accountant and typist.

Calvin C. Merz, stationed at Mare Island, visited his father and friends over the week-end. Young Merz is a bugler of Guard Company I. He is an expert rifleman. He expects to be on his way to China before the first of the month.

Doctor Thurlow Miller, a former resident of Menlo Park and a brother of R. E. Miller of Atherton, left last Wednesday for New York to take the Plastic treatment and will be gone all winter. The doctor met with an automobile accident last summer in which his features were badly disfigured. By this treatment he hopes to regain his former facial attractiveness. This bunch of surgery was inhanced during the late war by doctors who worked on young men brought in from the battlefield with their faces horribly distorted their physiognomies were made over just as good as new.

The ladies of Trinity Episcopal church are to hold their annual bazaar and food sale on Saturday, December 8, in the parish hall. Fancy articles of every description are to be offered for sale. Home-made pies, cakes and foods for the Sunday dinner may be had at reasonable prices. There will be a bevy of pretty girls present to attend to the wants of the patrons. The bazaar is to continue Saturday afternoon and evening. Among the patronesses of the affair are Mrs. James L. Flood, Mrs. J. L. Nickel, Mrs. W. B. Weir, Mrs. A. Taylor, Mrs Timothy Hopkins, Mrs. McNear, Mrs. Shortridge.

Superintendent of highways, F. W. Johnson, has completed reconstruction of two miles of the old Alpine road to the Law place and close to Mayor Rolph's estate. The thoroughfare has been macadamized, rolled and neatly surfaced. It is to be regretted that lack of funds prevents the completion of the road to the top of the mountain. Its scenic beauty would attract motorists.

The Native Sons of the Golden West will give a card party in their hall on Friday evening, November 23, for the benefit of the homeless children. This is a worthy cause and all should purchase a ticket, costing the small sum of 25 cents. The hall ought to be crowded on this occasion.

The Alhambrans of San Francisco a social organization composed of third degree members of the Knights of Columbus, will give a vaudeville entertainment in the Hall of the Nativity on Tuesday evening, November 27. The performance will be a high-class one, as every member of the organization is an artist in his line. After the performance a dance will take place continuing until 12 o'clock An excellent orchestra is to furnish catchy music. The admission will be fifty cents and the proceeds are to go the Church of the Nativity.

Mr. and Mrs. Stewart Lowery and their daughter, Miss Edna Taylor, have moved to town from their country place at Menlo Park, and are occupying the Frederick Pickering residence on Broadway for the winter.

Jos. J. Bullock filed a petition for letters testamentary in the estate of William Joseph Flannigan, late of Menlo Park. In his will Mr. Flannigan leaves his estate, consisting of a half interest in a lot in Menlo Park and some personal property to Joseph Patrick Flannigan.

Fire Commissioner Charles Merrill, wife and young son, Charles Merrill, Jr., returned from a pleasant trip to Honolula, on Wednesday. The party enjoyed the islands very much. Mr. Merrill was impressed by the rapidly growing pineapple industry. Vast stretches of the hill lands are devoted to the cultivation of the choice fruit. The low lands are planted to suga rcane while the uplands are sown in pineapples. Both industries have made the islands rich. Mr. and Mrs. Merrill are enthusiastic about the tropical beauties of Hawaii.

W. J. Murray has disposed of the fixtures of the Menlo Park theatre to a Palo Alto party, who is to re-open the show house some time next week. He promises up-to-date pictures.

At St. Patrick's Seminary, Menlo Park, orders were conferred by His Grace, Most Rev. Archbishop Hanna, last week on the following:

The Diaconate was conferred on: Rev. George J. Bedford, Rev. Joseph P. Moreton.

The Subdiaconate on: Rev. Martin J. Higgins, Rev. William H. O'Neill. Acolyte, on: Stephen A. Cummins, Norbert W. Feely, James P. Sweeney.

The Minor Orders of Porter and Reader, on: John E. Tumulty.

The Sacred Tonsure, on: Lyman A. Fenn, Raymond W. Kenney, Joseph I. Manning.

Monday was Armistice Day. It was a gentle reminder of the stirring times of five years ago when forty thousand soldiers, brave and true, were located at Menlo Park training to "Go Over There" to help win the war. The little boys and girls of Menlo Park who saw this military dispay will grow to manhood and womanhood impressed with all that war means and no doubt through life will be ardent advocates of peace. The spot where Camp Fremont was located is sacred and hallowed, and consecrattd by the tears and memories of many a fond father and mother, and in the years to come pilgrimages will be made to the sacred place by the soldiers who composed the Eight Division and who were on their way to the front when the war came to a sudden ending.

A baby son was born to Mr. and Mrs. William T. Wilson, formerly Miss Catherine Lynch, Palo Alto on Sunday, November 11, 1923.

More drastic provisions for the shutting out of the United States of aliens ineligible to citizenship will be urged on congress at its coming session next month. Senator Samuel M. Shortridge announced yesterday in Washington that a conference of the western congressmen would be called to get together on such legislation. Mr. Shortridge has an exclusion bill prepared which he will offer when congress convenes. Shortridge said the Supreme Court's recent decision declaring valid the laws denying right to lease or own land to aliens ineligible to citizenship would give impetus to the exclusion provision as a part of a general immigration measure.

Elmer McQoid, the eleven-year-old son of Mr. and Mrs. McQoid, residing on Santa Cruz avenue for the past six months, passed away on Sunday last following a brief illness. Elmer attended the grammar school and was a bright and lovable boy, loved by his schoolmates and teachers for his manliness and charming ways. Mr. McQuoid is employed in the signal department of the Southern Pacific Railroad Company. The family has the sympathy of the entire community in its sad bereavement.
